

DO-Touch.NET

MEMBER SPOTLIGHT

**LEONARDO NASCIMENTO ,
PT, DO, PHD**

I am a physiotherapist, osteopath, and researcher with a PhD in Rehabilitation Sciences (USP). I specialize in manual therapy, osteopathic palpation, and sports rehabilitation. I am passionate about evidence-based practice, and DO-Touch.NET excites me for its commitment to rigorous research - studies like the randomized trial on directed vs. generic vertebral manipulation shape clinical decision-making and enhance patient outcomes.

NETWORK UPDATES

- The Non-Musculoskeletal SIG is live with their study titled “The Use of OMT in the Treatment of GERD: A Survey Study.” Please check your email for the link to complete this survey. Your input is greatly needed and valued!
- Registration for our **COMPLETELY VIRTUAL 2025 DO-Touch.NET Annual Meeting** is open! You can register using the QR code below! Please check your email for your discount code or contact dotouchnet@atsu.edu if you think you should have received one.
- If you would like to join a Special Interest Group or have questions, please contact us! Our Special Interest Groups are on the topics of:
 - Somatic Dysfunction/Key Lesions in Different Health Conditions
 - Non-musculoskeletal Conditions
 - Pediatrics
 - Comparison of OMT to Other Healthcare Disciplines
 - Women’s Health
